COMIC SHOP NEWS

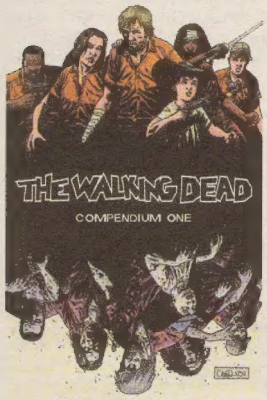
CHRISTMAS SPECIAL

Deluxe Items

Some people say a comics collector can be hard to shop for during the holidays; it's hard to keep up with just *what* he or she collects, and you have no idea what he or she hasn't already bought. After all, comics collectors aren't always known for their patience and restraint...

For many collectors, the way to guarantee a delightful holiday surprise is to shop for *deluxe comics items*, the more upscale offerings that collectors might not buy for themselves. These are often the sort of item that the collector can't work into his budget, which means that they'll be especially appreciated as gifts.

Thanks to the efforts of a large number of publishers to ensure sure that some of the field's best comics items get the quality treatment that they deserve, there are numerous slightly more expensive projects that would appeal to the tastes of any collector. While they may be a bit too expensive for collectors who spend most of their comics budget keeping up with their weekly titles, they're in the perfect price range for gifts.



This year was very generous to fans with a wide range of tastes. For fans of ***Sin City*** and ***All Star Batman and Robin***'s writer, *Frank Miller*, ***The Life and Times of Martha Washington in the Twenty-First Century*** has finally released. This SF saga, some twenty years in the making, features every ***Martha Washington*** tale produced by Miller and artist *Dave Gibbons*.

Those looking for a little horror for the holidays should look no further than ***The Walking Dead***, a series currently in development to be a t.v. show. ***The Walking Dead Compendium*** collects the first forty-eight issues of the series in a massive trade paperback, making this the perfect way to catch up on one of Image's hottest titles.

Also collected for the first time are the earliest installments *Stan Lee* and *John Romita's* Spider-Man strip in ***Spider-Man Newspaper Strips Vol 1***, featuring rarely seen material by the creators of some of Spidey's most memorable comic book exploits.

Marvel has an amazing series of ***Omnibus Editions*** now on the shelves. In addition to the previously-released ***Omnibus*** versions of such classics as ***Fantastic Four***, ***Spider-Man***, ***The Hulk***, and ***Iron Man***, recent additions to the line include ***The Golden Age Marvel Comics Vol. 1*** (featuring marvelously restored versions of the first twelve issues of the first Marvel series), ***Captain America***, ***The Immortal Iron Fist***, ***The Astonishing X-Men***, ***Secret Wars***, and ***The Ultimates***. These massive volumes reprint dozens of issues of the series in one book, and include all of the original material—including the letter's pages—from the original books. An amazing collection of material for a great price.

Statues, statues, statues! Boy are there some great statues on the market. In fact, the past year has seen the release of a many collectible replicas from various publishers. Part of the JLA Trophy Room collection, the ***Green Lantern Power Battery*** comes with a Green Lantern ring that activates a light inside the battery, bringing all the action of the comics to life. Another particularly timely offering is the ***JLA Tropy Room Green Lantern Rings Prop Replica***, featuring all the eight variously-hued rings in a battery-powered light-up display case with a protective glass dome.

Randy Bowen is once again on top of the statue world, producing not only some dynamic full-size statues—such as the recent ***Jean Grey***, ***Grey Hulk*** and ***Maestro*** statues—but also a long list of busts of many of your favorite Marvel characters, including the recently released ***Ghost Rider*** and ***Captain America*** busts. DC fans will be thrilled with the three-edition set of ***The Batman Family***, each of which features two members of the bat-family plus one-third of a Batman figure; put the three sets together, and you have an iconic seven-figure Batman diorama!

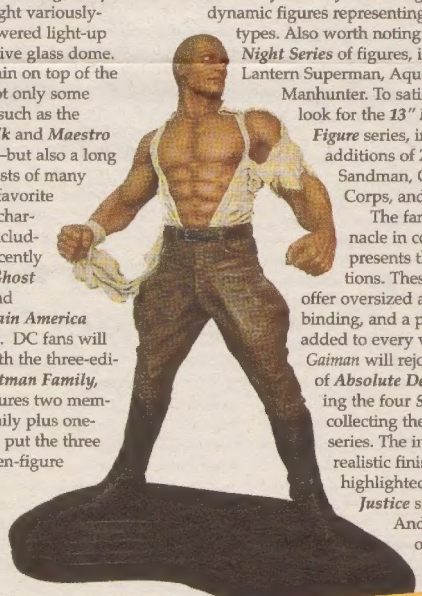
For the ultimate DC fan and just in time for the biggest storyline this year, *Blackest Night*, the new ***Green Lantern 1:4 Museum Quality Statue*** is the perfect gift. If that is too big for you, the ***Heroes of the DC Universe*** bust series is bound to have every fans favorite, including Batman, Superman, Aquaman, Hal Jordan, and the Green Arrow.

Collectors love DC's heroines... art fans love *Adam Hughes'* art... so what better way to please both groups than to present thim with one of the ***Cover Girls of the DC Universe Statues***, based on Hughes' striking cover images. ***Wonder Woman*** and ***Zatanna*** are currently available, with ***Catwoman*** on the way before Christmas.

If you want to get something a little less fragile, then you might turn your attention to action figures. DC has been busy trying to bring a new interpretation of some of their characters to life with the Ame Comi line of figures, taking the concepts and reworking them with anime-like designs. The latest figures in the series are ***Ame Comi Batgirl (V.2)*** and ***Ame Comi Catwoman (V.2)***, but keep an eye out for the Wonder Woman, Cheetah and other figures that have already hit shelves (though are already tough to come by).

The discerning collector will be proud to own the Reelart ***Doc Savage Statue*** or the ***Conan the Conqueror Statue*** from Clayburn Moore, both masterfully recreating the classic fictional heroes upon which they are based.

Based on the hugely successful online game, the fifth series of ***World of Warcraft*** action figures features three dynamic figures representing different character types. Also worth noting are the ***Blackest Night Series*** of figures, including Black Lantern Superman, Aquaman, and Martian Manhunter. To satisfy the BIG toy fan, look for the ***13" Deluxe Collector Figure*** series, including the recent additions of Zatanna, Absolute Sandman, Green Lantern Corps, and The Joker.



The fan looking for the pinnacle in comic packaging, DC presents the ***Absolute*** editions. These slipcased editions offer oversized artwork, excellent binding, and a plethora of extras added to every volume. Fans of *Neil Gaiman* will rejoice with the release of ***Absolute Death***, complementing the four ***Sandman*** editions collecting the entirety of the series. The incomparable ultra-realistic finishes of *Alex Ross* are highlighted in the ***Absolute Justice*** slipcased edition. And there are plenty of other ***Absolute*** editions out there,

Courtesy your friendly neighborhood comics outlet!

Happy Holidays and welcome to the CSN Christmas Special 2009!

This year, it seems like we're all looking for something to take our minds off the world's turbulence and troubles. An here at ***CSN***, we maintain that there's no better way to take your mind off things than with a good comic! And what better gift than entertaining reading that can amuse, enlighten, entertain, and inspire?

That's where the ***CSN Holiday Special*** comes in. In this publication, you will find a wide assortment of gift ideas perfect for holiday giving. At the end of the ***CSN Holiday Special*** is a "wish list." All the comics fan has to do is read through the catalog, mark his or her gift wishes, and pass the list along. What could be easier?

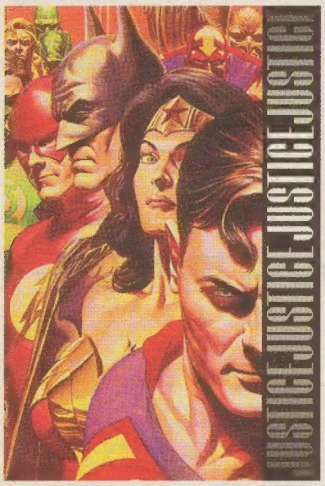
Best of all, this ***CSN Holiday Special*** makes it easy for gift-givers to do what they wanted to do all along: give a thoughtful gift that will truly please the recipient. This catalog is filled with hundreds of gift ideas ranging in price from a dollar to hundreds of dollars, and covering pretty much every price in between.

Of course, the ***CSN Holiday Special*** is nowhere nearly complete in its listings. The best way to get an idea about everything that's available is to talk to the folks at your local comics shop; they're knowledgeable people who will be able to help you find just the right gift idea.

Happy Holidays!

Cliff Biggers & Ward Batty

including ***Absolute Promethea***, ***Absolute Watchmen***, and ***Absolute Dark Knight***, among others. Each of these volumes is a lavish addition to any fans' bookshelf, presenting an upscale, oversized way for readers enjoy these stories anew.

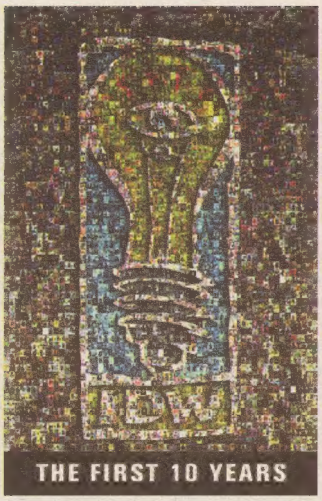


Long-time fans and fans of the classic age of comics will find themselves thrilled to see the line of ***DC Archives*** and ***Marvel Masterworks***. The early days of Spider-Man, Superman, Captain America, Green Lantern, and all of your favorites are reprinted in deluxe hardcover editions.

There's no better gift for the classic horror-SF enthusiast than one (or more!) volumes of Gemstone's ***EC Archives***. Each volume reprints six classics from EC's legendary past, including ***Vault of Horror***, ***Tales from the Crypt***, ***Weird Science***, and ***Shock SuspenStories***.

For those who'd like a peek a the early work of Marvel's most influential artists early work, check out ***Strange Suspense: The Steve Ditko Archives Vol 1*** (collecting his work from Charlton, Ajax, and other comics) and ***The Best of Simon & Kirby***, featuring work from the full range of *Joe Simon & Jack Kirby's* prestigious career.

Not every comics fan reads Marvel or DC exclusively, and there are some perfects gifts out there for those that choose the path less taken. ***The Surrogates Operator's Manual*** collects both volumes of this underground hit, whcih was recently adapted into a film, into a deluxe hardcover. For those interested in what is



behind the screen, ***IDW: The First Decade*** takes a comprehensive look at one of the most succesful independent comic publishers in the market.

These are only a few of the high-quality deluxe items available in your local comic shop this holiday season. In addition to the books mentioned here, comic shops often have a selection of fine deluxe items that are no longer in print from publishers. *Always* take a few minutes to talk to the helpful people at your comics shop before you decide what gift to give; their expertise can be very helpful in selecting just the right item in a price range you'll be happy with. They can also point out items that would be perfect accompaniments for any deluxe gift item you might be interested in. If you're shopping for a comics fan, the friendly folks at your comics shop could be the best "Santa's helpers" you can find.

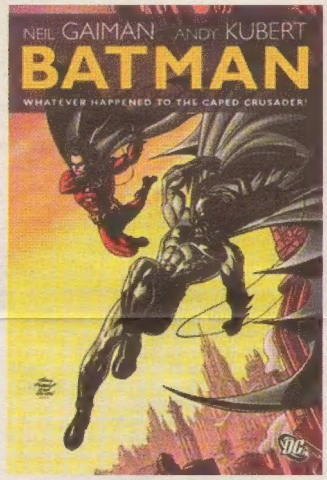
Comic Book Collections

Not that long ago, if a comics fan missed a particularly popular story in his favorite comic, he was out of luck unless he could find it in high-priced backstock. Nowadays, though, comics companies offer some of their very best comics material in paperback or hardcover editions. These volumes are proven winners as a gift item since they generally offer a complete story in one handy volume. Great new stories, quality reprints of some of comics' best—it's a win-win situation for gift-givers!

In the past few years, the number of trade paperbacks, hardcover reprints, and graphic novels has grown enormously, making scores of gift choices available that are sure to suit any comics fans' tastes.Best of all, virtually every one of these books is priced at $35 or less, allowing you to give lots of reading enjoyment without having to trim your gift list!

Just in time for the holiday season, Vertigo has launched its new crime series with original noir tales such as *Brian Azzarello's* ***Filthy Rich*** and *Ian Rankin's* ***Dark Entries*** (which has the added attraction of being a Hellblazer story). Marvel also released *Ed Brubaker's* hit crime series ***Criminal*** in a deluxe hardcover collecting the first two trades. And Brubaker's ***Incognito*** is perfect for any crime fan that still wants the action of superheroes, since it features a super-villain in witness protection!

The biggest comics event of 2008, ***Final Crisis***, has had effects throughout books in 2009. The character most impacted was Batman. Learn the Dark Knight's fate in the ***Batman RIP*** hardcover, featuring the hero's last adventure before the events of ***Final Crisis***. And who became the new Batman after Bruce Wayne's apparent demise? Find out in ***Battle for the Cowl*** hardcover, collecting the hit miniseries that follows the passing of the mantle of the bat.



In a fitting send off of Bruce Wayne, writer *Neil Gaiman* and artist *Andy Kubert* redefine the Batman mythos in ***Batman: Whatever Happened to the Caped Crusader?*** deluxe hardcover. This should not be missed as Batman's friends and enemies reflect on Dark Knight's life. Also collected in the hardcover are additional Gaimen Batman stories from previous works.

Every hero needs a villain; Batman has Joker. In the same tone as *The Dark Knight* movie, ***The Joker*** graphic novel by *Brian Azzarello & Lee Bermejo* looks at the clown prince of crime in a very real***Batman RIP***istic and noir vision, as seen through the eyes of one of those henchmen who often serves at the Joker's beck and call. (Oh, and Batman *does* make an appearance, if that is your kind of thing.)

If loving the Joker is something that you love to do, then you definitely want to get your hands on a copy of ***Batman: The Killing Joke*** hardcover. This remastered and recolored version of *Alan Moore & Brian Bolland's* masterpiece is simply amazing, bringing new life to an already immaculate story.

Horror legend Stephen King has found a home at Marvel Comics, starting with an all-new story set in the world of his acclaimed ***Dark Tower*** universe. Three volumes have made their way to the trade shelves, ***Dark Tower: The Gunslinger Born***, ***The Long Road Home***, and ***Treachery***. These original tales are set prior to the novel series, with a plot by King and script by Peter David and Robin Furth, with art by Jae Lee and Richard Isanove.

Following on the ***Dark Tower*** success, King has brought his hit novel ***The Stand*** to comics. The first two parts of the adaptation, ***The Stand Vol. 1: Captain Trips*** and ***Vol 2: American Nightmares***, are now available in hardcover—the latter available only in comic shops for this holidday season!

King's son, Joe Hill, has gotten into the comics field, as well. ***Locke and Key*** brings Hill's complex fantasy tale to life in two fascinating volumes illustrated by Gabriel Rodriguez.

DC's mega-event, ***Blackest Night***, is impacting the entire universe, but it all started in the Green Lantern books. A perfect starting spot for new readers is the ***Green Lantern: The Sinestro Corps War Vol. 1, 2, and 3***. From there, ***Green Lantern: Secret Origin***, ***Green Lantern: Rage of the Red Lanterns***, ***Green Lantern Corps: Sins of the Star Sapphire***, ***Green Lantern: Agent Orange***, and ***Green Lantern Corps: Emerald Dawn*** will bring anyone up to date with the Lantern stories.

For the first time in paperback, ***JLA/Avengers*** is the ultimate crossover title between Marvel and DC, pitting the two companies super-groups against each

other in a classic tale by Kurt Busiek and George Perez.

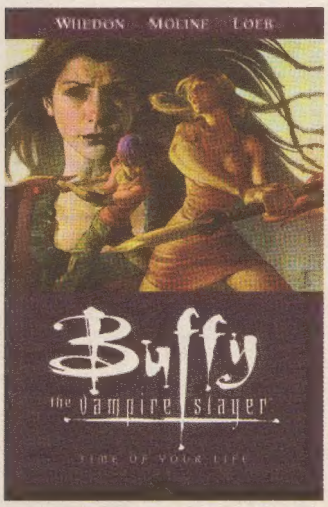
Harkening to that same classic feel, DC has release several hardcovers under its ***DC Comics Classic Library*** line. Some of the available titles are ***Justice League of America by George Perez, Sandman by Kirby and Simon, The Flash of Two Worlds, Batman-The Annuals Vol. 1, and Legion of Super Heroes-Life and Death of Ferro Lad.***

Hailed as one of the best interpretations of the original super-hero, ***All-Star Superman*** by *Grant Morrison & Frank Quitely* is finally collected in ***All Star Superman, Vol. 2*** hardcover. Don't worry, if you missed the beginning of the series, ***All Star Superman, Vol. 1*** trade paper back is still available.

For those looking for a new take on a beloved character, look no further than ***Wolverine: Old Man Logan*** hardcover. This collects Mark Millar's chart topping tale of what happened to Wolverine after the heroes fell. Set in the future of the Marvel Universe, Wolverine is forced to take up his old ways to help out an old friend, Hawkeye, and fight against the Hulk Gang.

The most popular game in the world today, with over 11 million subscribers, is also a hit comic. ***World of Warcraft Vol. 2*** and ***Ashbringer*** hardcovers continue the tales of Azeroth's heroes and villains, brought to life as never before.

The inspiration for the hit video game series, as well as the upcoming feature film, ***Prince of Persia*** is an adventure series about a young man on an amazing journey, who just happens to have time on his side.



Joss Whedon's most famous character has made a return to comics in a big way. ***Buffy The Vampire Slayer Volume Four: Time of Your Life*** is the latest collection of the new series plotted by Whedon himself, picking up where the original television series left off. This is Buffy season eight, and it is as good as the show, so don't miss out on any of the four volumes currently available. In the same vein, ***Angel: After the Fall*** picks up where the television show left off, with Los Angeles, quite literally, going to Hell. Plotted by *Joss Whedon*, the first five volumes of what is in effect Angel Season Six are currently available.

Mark Waid's ***Irredeemable Vol. 1*** paperback also takes an alternate view on the superhero story. What if the most powerful man on Earth decides he no longer wants to protect the planet? Find out in this affordable trade that catches the reader up on this hot new series.

Zombies are everywhere! Which of course, is perfect for the holidays, since everyone knows that zombies love... um... presents. So, for the zombie on your list, you might want to pick up a copy of ***Marvel Zombies 1, 2, 3 and 4***. Or *Marvel Zombies: Dark Days*... or, heck, *any* of the various Marvel Zombies books! This amazingly popular series picks up from the concept introduced in ***Ultimate Fantastic Four*** about a world populated by undead versions of all the Marvel characters. And to follow that up, you can also pick up the spin-off series starring everyone's favorite undead butt kicker, Ash, in ***Marvel Zombies vs. Army of Darkness***, revealing just how the superheroes might have fallen ill to the undead curse that has plagued them since.

For a less zombie-heroic book, you might want to check out ***The Walking Dead***. Creator *Robert Kirman* has crafted a well thought out and engrossing tale about a world dealing with the rise of the zombie, which threatens to destroy the human race. Ten volumes of this series are currently out in trade paperback, and the first four volumes of the deluxe hardcover collection make perfect gifts.

A controversial look at the effect that superheroes would have upon the world, ***The Boys*** by *Garth Ennis & Darrick Robertson* is availabe in four volumes, each one delivering an amazing bang for the buck.

Superhero fun with a humorous twist is the name of the game with ***Empowered***, the series of graphic novels by *Adam Warren*. Featuring a lovely superheroine with a costume that provides amazing powers but not too much in the way of durability, hilarious hijinks ensue in each of the five volumes currently available.

Nothing beats a good laugh—and ***The Tick*** and friends provides more giggles than a cat in a vacuum cleaner—or something like that. Be sure to pick up ***Man-Eating Cow & The Chainsaw Vigilante, Paul the Samurai, The Tick and Arthur, The Tick Specials, Tick: Karma Tornado, and the Complete Edlund*** collections

Bringing back some of the most beloved comics of yesteryear, ***Harvey Comics Classics*** has four fantastic volumes with some very familiar faces on the cover. Starting with ***Casper the Friendly Ghost***, then moving through other volumes starring Richie Rich, Hot Stuff, Baby Huey, Little Audrey, Little Lotta, and others.

The shining star on the Vertigo block belongs to *Brian K. Vaughan* and his series ***Y: The Last Man***. The concept behind the book seems like something out of a bad teen-sex-farce—every male creature on the planet except for one human and one monkey die. The handling of the subject is anything but juvenile. Discover this gem in the new ***Y: The Last Man Deluxe Edition*** hardcover series, reprinting the series on quality paper in slightly oversized volumes.

The rise of the barbarian is invading stores everywhere! Conan has returned in full force, as Dark Horse presents new comics, as well as reprints of the classic Conan tales packaged in their ***The Chronicles of Conan*** line. Each of the sixteen Conan volumes reprints tales from the old Marvel Comics stories, including work by *Barry Windsor-Smith* and *John Buscema*. And if you were always a fan of the black and white stories, ***The Savage Sword of Conan*** is also getting the trade treatment, with four volumes in that series on shelves now.

Once upon a time...well, actually it's right about now—DC put out a comic. ***Fables*** is a tremendous series that puts the idea of the fairy tale in an all-new perspective. Twelve volumes have been release to date, but that isn't the full story. There is one more book in the ***Fables*** line, ***Fables: 1001 Nights of Snowfall***, an original graphic novel by regular series writer *Bill Willingham* and a bevy of artists who illustrate a series of interconnected stories.

And if you want to get even more *Fables* material, be sure to check out Jack of Fables, the spin-off from the series. The first four volumes of the series are out, ***Jack of Fables Volume 1: The (Nearly) Great Escape, Volume Two: Jack of Hearts, Volume 3: The Bad Prince, Volume 4: Americana, Volume 5: Turning Pages,*** and ***Volume 6: The Big Book of War***.

Brought over from Europe, Marvel's Soleil line has greatly expanded in the past year. ***Sky Doll*** is still available, but it is worth looking at ***Ythaq: The Forsaken World, Universal War One Vol. 1 and 2, Samurai: Legend Vol. 1,*** and ***Scourge of the Gods***. All of these titles offer a unique comics perspective that any comics fan would love to read.

Being a teenage superhero was never quite like this. ***Invincible*** is the critically acclaimed series from Image Comics and writer *Robert Kirman* about the son of the world's greatest hero—or is he? There are nine volumes reprinting the early issues of the series, and three volumes of ***Invincible: The Ultimate Collection***, the larger hardcover collections.

Celebrating three decades of A Long Time Ago..., the ***Star Wars*** graphic novels and omnibuses enhance the world created a long long time ago. There are stories set long before the events of the two film trilogies, stories set during the events of the trilogies, and stories that take place long after the events of the trilogies, making it easy for ***Star Wars*** fans to enjoy a much wider view of *George Lucas's* legendary creation.

If you like stories that are about people, then you aren't going to do much better than ***Strangers in Paradise***. The series is now complete, and collected into nineteen paperback volumes. But if you want to try to get it in a more concise form, then look for the ***Strangers in Paradise***

Pocket Volumes, which compiles the entire story in six hefty volumes. And if you can't get enough of *Terry Moore*—which doesn't even seem possible—you can get the first three volumes of his new series, ***Echo***, now out in trade paperback.

Buffy The Vampire Slayer creator *Joss Whedon* had a heck of a run as the writer of ***Astonishing X-Men***, and it's not too late to get in on the excitement. His entire story arc of the series is collected in the ***Astonishing X-Men Volume One: Gifted***, ***Astonishing X-Men Volume Two: Dangerous***, ***Astonishing X-Men Volume Three: Torn*** and ***Astonishing X-Men Volume Four: Unstoppable*** trade paperbacks. If you want to get it all in one book, then look for the ***Astonishing X-Men Omnibus***, which reprints the first twenty-four issues and one giant-size issue. This is the the X-Men the way they were meant to be, with dynamic art and story melding together to make the best mutant title in years.

There is more to Marvel than just a few mutants though; you can find some ***Essential*** volumes that collect the early stories of some classic heroes. Some of the newest additions include the ***Essential Sub-Mariner***, ***Essential Marvel Team-Up Vol. 3***, ***Essential Peter Parker***, ***The Spectacular Spider-Man Vol. 4***, and ***Essential Marvel Two-In One Vol. 3***. These are but a small sampling of the great collections that Marvel have put together for fans just looking for great reading material.

SHOWCASE PRESENTS
STRANGE ADVENTURES
EARTHMEN ARE PREPARING TO LAUNCH THEIR FIRST SATELLITE INTO SPACE-- BUT WE GORILLAS BEAT THEM TO IT!

Not to be outdone, DC has issued their line of ***Showcase Presents*** softcover volumes. Like the Essential collections, these books reprint classic material in easy-to-afford black-and-white volumes. Already available are ***Showcase Presents*** collections starring ***Superman***, ***Batman***, ***Green Lantern***, ***and The Justice League***, but there are also lesser known books like ***House of Secrets***, ***Metal Men***, ***Bat Lash***, ***Wonder Woman***, ***DC Comics Presents***, and many others. These terrific collections offer long-

time fans a great way to re-experience some very rare and valuable material.

All these holiday choices! And this list is still far from complete! If you want to know more about what's available, talk to Santa's helpers at your local comics shop and see what they can do to make this the most memorable Christmas ever!

Books About Comics

Comics fans are often interested in their hobby to such a degree that they want to read *about* comics as much as they want to read the comics themselves. There are a number of books that focus on comics as a hobby or on the lives of noteworthy comics creators.

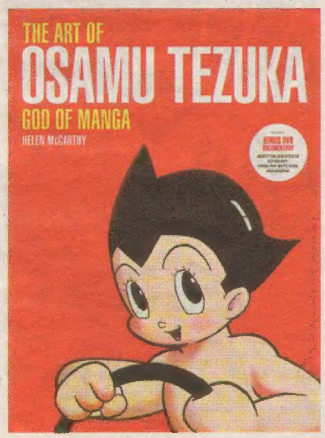
Following up on the success of last year's ***The DC Vault***, this year's ***The Batman Vault: Museum in a Box*** is an amazing collection covering the history of comics' greatest detective. This wonderful compendium covers Batman's prolific career as crime fighter and mentor through his appearances in comics, television and movies. The vault also contains artifacts, never-before-seen sketches, notes, and plans, which makes this a great gift for any Bat-fan.

Marvel Chronicle combines a history and an encyclopedia in one comprehensive volume. Anyone who's ever enjoyed Marvel Comics will find this a fascinating read, and the reader-friendly design and lavish graphics makes it a perfect coffee-table book for comics readers.

The ***DC Comics Encyclopedia*** has been revamped and updated (complete with a new painted cover by fan-favorite aritst *Alex Ross*); this comprehensive reference book now includes major events up to ***Final Crisis*** and ***Batman RIP***.

For fans of DC's mature-readers line, ***The Vertigo Encyclopedia*** is a phenomenal reference work. Within its pages are lengthy entries on ***Sandman***, ***Swamp Thing***, ***Hellblazer***, and many others.

One of the biggest names in manga is *Osamu Tezuka*, creator ofeveryone's favorite robot, Astro Boy! ***The Art of Osamu Tezuka: God of Manga*** is the first authorized biography detailing the career of this influential creator with over 300 pages of material. A 45-minute DVD biography is also included in this wonderful package.



Two of Marvel's most influential creators are the focus of a pair of must-read biographies. ***Kirby: King of the Comics*** is Mark Evanier's lavishly-illustrated look at Kirby's amazing and influential career. Kirby is the man who gave Marvel the dynamic look that separated it from all other Silver Age books, so every Marvel reader will find this a fascinating read.

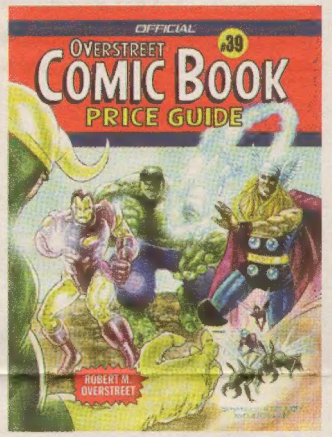
Strange & Stranger: The World of Steve Ditko explores the life and career of Spider-Man's co-creator. This is the tale of a man whose uncompromising principles and code of ethics led him to walk away from one of the most famous characters in comic book history; this compelling book reveals just what motivated one of the field's greatest artists to become a virtual recluse.

The work of another celebrated creator is detailed in ***The Art of Harvey Kurtzman***. This book is the first authorized collection of material from the man that is often time credited with mastering satirical content in the 1950s, thus leading to hit shows like Saturday Night Live.

Author *David Michaelis* offers an insightful, sometimes somber, and occasionally controversial look at the life of *Charles Schulz* in the fascinating ***Schulz & Peanuts: A Biography***, a must-reads for fans of the classic comic strip (and who isn't?).

Art books are always a great addition to any fan's collection, and there are some great new ones out this year. From creator specific books like ***The Art of Mark Texeira—Tex: The Artist's Great Escape*** and ***Apes and Babes: The Art Of Frank Cho Book 1*** to broader collections like ***The Art of Top Cow*** and ***SF20: Art of Street Fighter***, there is something for every fan of quality illustration.

Fans are always interested in the value of their comics--and no publication gives them more comprehensive information about more books than the ***Overstreet Price Guide 39th Edition***. This book also makes a remarkably useful checklist-index, even for the fan who has no plans to buy or sell back issues!



If you are looking for a comprehensive guide to creating a comic, then look no further than the ***Wizard's Guide*** series. Taken from the pages of Wizard Magazine Basic Training section, ***Wizard Basic Training: How To Draw–Getting Started*** is the perfect starting point, providing new material as well as reprints. Many of the industries top talents step in to give you advice, including Mike Wieringo, Norm Breyfogle, Terry Dodson, Jim Calafiore, Tom Raney, Greg Horn, Phil

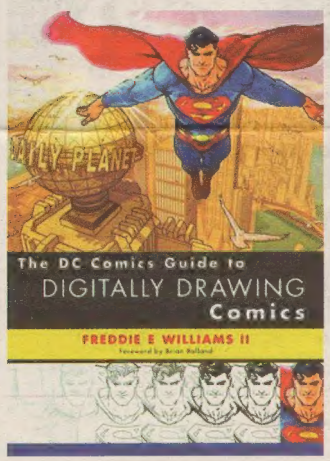
Jimenez, Brian Bendis, George Perez, Walt Simonson, Phil Hester, Brian Hitch and many more.

There are even more books that will help you put the finishing touches on your artistic endeavors. ***Comic Book Inking*** and ***Comic Book Inking Volume Two*** from Dark Horse examine one of the most mis-understood aspects of comic art; inking is more than just acting as a human xerox machine, and these are the books that will teach you the wrongs and rights and the different styles that populate the comics community.

Of course, the trend right now is in the colors. And the new ***DC Comics Guide to Coloring and Lettering Comics*** is a great way to teach you the different techniques used by professionals in the industry. Filled with examples and exercises, this is a great way to understand and appreciate—and even emulate—your favorite coloring styles. Readers can learn other steps of comics creation in the ***DC Comics Guide to Writing Comics, DC Comics Guide to Pencilling Comics,*** and ***DC Comics Guide to Inking Comics.*** And if you want to use your computer for more than surfing the 'net, then check out the latest volume in the series, ***The DC Comics Guide to Digitally Drawing Comics.***

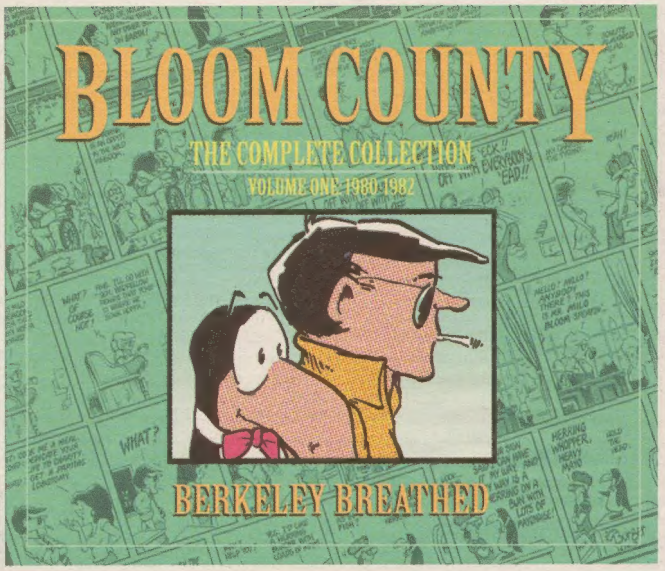


And if this isn't enough of a selection of holiday goodies about the comics field, you can find still more at your friendly neighborhood comic shop. Talk to the helpful staff and let them know what sort of thing you're looking for; they'll take it from there and point out a variety of great gift ideas on their shelves.

Comic Strip Reprints

Comics fans often overlook the original comics art form: the comic strip. Comic *strips* predate the comic *book* by decades. Once the exclusive property of newspapers, comic strips have also become an online staple. Many of the best strips of both today and yesterday can be found in handy trade paperbacks and hardcover anthologies that can open up an all-new world of comics reading.

At long last, one of the most popular



and critically acclaimed strips has been collected in a beautiful hardcover: ***Bloom County Complete Library Volume 1.*** This first volume of a multi-volume multi-year series (which makes it a great gift idea for Christmases to come!) masterfully reproduces *Berkeley Breathed's* comic from 1980-1982, along with bonus strips, commentary, and more.

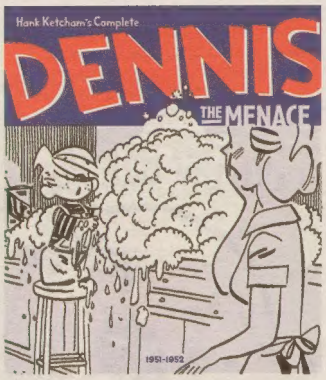
Often said to be the most gorgeous Sunday comic of all time, *Harold Foster's* ***Prince Valiant*** is re-presented in a hardcover covering the years 1937-1938. Foster's art has been faithfully restored to amaze new and old readers alike. This first volume also has a rare interview with Harold Foster.

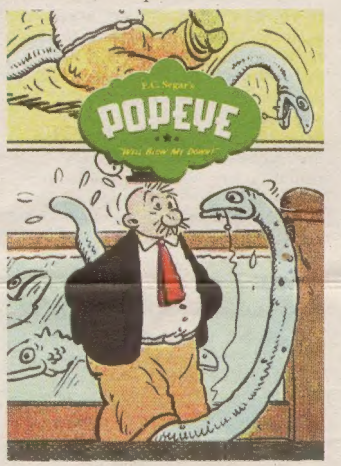
For readers looking for sci-fi adventure, there are three volumes of ***Buck Rogers in The 25th Century*** reprinting the newspaper dailies from 1929 to 1934. The Sunday strips are available in the companion volume ***Buck Rogers in The 25th Century: The Complete Newspaper Sundays Vol. 1 1930-1935.***

The grand-daddy of all modern comic strips is Charles Schulz's brilliant ***Peanuts*** strip. Never before has the entire fifty-year run of the series been printed in its entirety, until now. Fantagraphics' ***The Complete Peanuts,*** a totally comprehensive reprint of the series, presents every strip to appear in the paper for the first time ever. On top of that, each issue features special interviews and information about Schulz and his creation. The first twelve volumes are now available, taking the series through its glory days of the late 1960s and early 1970s, when Schulz was at the top of his game.

Bil Keane's ***Family Circus Library Volume One*** offers today's readers an opportunity to see Keane's earliest installments of the now-iconic family-humor single-panel strip.

The ***Peanuts*** revolution has sparked a great series of collections for fans of a number of classic strips. ***Beetle Bailey by Mort Walker Volume One*** is on the shelves, offering the same complete treatment. There are also multiple volumes of ***Hank Ketcham's The Complete Dennis the Menace, The Complete Chester Gould's Dick Tracy,*** and others. Be sure to ask your local shop for their latest collection of these classic strips.

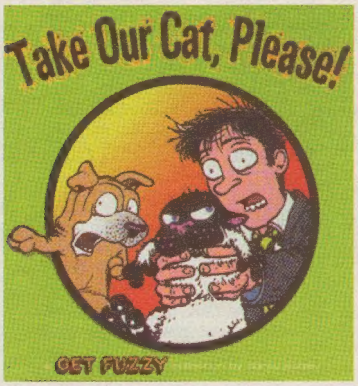




One of the most famous figures from comic strips is a squinty sailor who most remember from cartoons. ***Popeye by E.C. Segar*** is getting the oversized hardcover treatment, with four volumes already on the shelves.

Not all comic strips appear in newspapers anymore. In fact, there is a whole genre of comic strips that is located online, but that doesn't mean that you can't find collections at your local comic shop. ***PVP*** is one of the big online comics, and there are multiple collections of the strip that are available from Image. ***Penny Arcade*** is another popular book that you can find just down the shelf. ***The Perry Bible Fellowship Almanack*** collects the entire run from the website, newspaper,

and unrealesed strips. For the gaming crowd—or those that love wry, sarcastic humor—***The Order of the Stick*** not only has three collections of the online strip, but two unique books with all-original material now available.



There are many other strip reprints available, including volumes of ***Hagar the Horrible***, ***Wizard of ID***, ***Get Fuzzy***, ***Pearls Before Swine***, and more. Ask the staff of your local comic shop for suggestions for comic strip reprint books that would make excellent--and unexpected--gifts for the holidays. Before too long, you might find those comics fans eagerly scanning through the daily newspaper (if they don't already)...

Gift Ideas

As the holidays get ever closer, leaving you scrambling for ideas for gifts for a comics collector, you might want to consider numerous smaller items that any collector can use. Most of these gift ideas are inexpensive, readily available, and very popular with collectors.

You might think that every comic is only available on paper, but that isn't the case any more. The new DVD Rom collections of comic books are available that reprint amazing amounts of material. Amazing collections of ***Star Trek***-perfect for fans of the new film-, reprinting every Star Trek comic up through 2002, and ***Archie Comics Bronze Age Series***, reprinting every Archie comic from February 1970 to December 1979, are available. These software collections are a great package for fans not afraid to read a book on the computer.

Comics bags are great gifts. A hundred bags aren't very expensive, are often useful, and are frequently overlooked when collectors are buying for themselves. If you know a collector who has a large collection he's never gotten around to bagging--a common problem with collectors who have thousands of books--then a thousand bags would be even better!

If you want to give the collector a real "gift assortment," then put together a package of a hundred modern bags (to fit recent comic books), a hundred silver age bags (to fit older comics and slightly-larger independent books), and a hundred magazine bags (for magazines and graphic novels). Even if the collector is well-stocked on bags now, he'll be able to use them later. Furthermore, many collectors never remember to buy the odd-sized bags they need for some items in their collections. This assortment will cover books of all sizes.

If you want to help a comics fan upgrade to the Cadillac of comics bags, you can buy him or her some of the more expensive *mylar bags*. These deluxe bags offer the ultimate in comics protection--and they're the sort of gift that many fans don't normally pick up for themselves.

Backing boards are another sort of "splurge items" that most collectors forget to buy for themselves. These are acid-free, specially-treated boards that fit in the bag behind the comic book, adding strength to the bagged comic and protecting it from bending and other damage. Again, most comic shops carry these by the hundreds or the thousands; they're not only useful and functional gifts, but they can make a collection look much, much better as well!

What about *boxes*? If you're looking for last-minute gifts and you're tired of seeing comics scattered all over the house, then you should really consider a gift of comics boxes. For those fans who have plenty of room, full-sized boxes are perfect; these boxes are about 27" long, and they hold about 350 comics. For collectors who are trying to keep their collections in bedroom closets, half-sized boxes might be a better idea; these boxes are about 15" long and hold just a little more than half as many comics as a full-sized box holds. Since they're not as deep, though, they fit in a closet easily. Magazine boxes are also available for graphic novels and magazines; these only come in one shorter length.

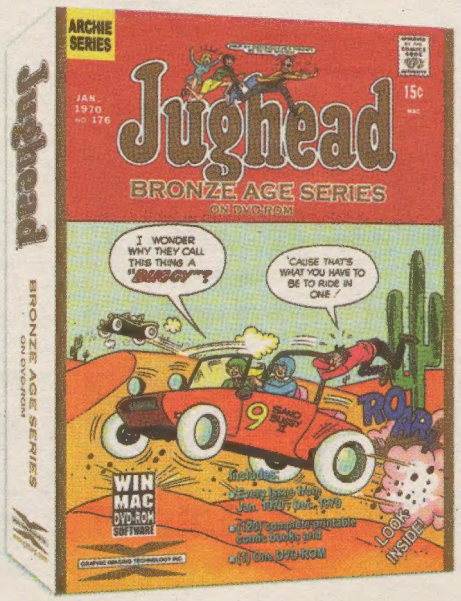
And like the high-end bags, there are now high-end boxes. Whether you choose to pick up some of the high-quality plastic boxes, made to endure for the long haul, or go with the wonderful Collection Drawer boxes, where the storage part of the box is designed like a drawer so the comics can be viewed at any time by pulling out the drawer and getting to the good stuff, there are great options available. (Don't forget box-locks, so those Collection Drawer boxes can safely be stacked on top of each other!)

Plastic dividers are a luxury item that can help organize a collection; these sturdy dividers are like the ones many comic shops use, and they offer a tab that stands taller than books and has room to mark titles, etc. This will help keep the collection neatly separated and make it more accessible to the collector who likes to keep everything organized. These are available individually or in hundred lots.

The best idea yet might be to combine all four into a gift package, complete with 300 bags, 300 backing boards, a dozen divider cards, and a full-sized box; or 200 bags, 200 backing boards, a half-dozen dividers, and a shorter box. This will give the collector enough bags and backing boards to fill up the box with his newly-bagged collection, along with divider cards to keep the books neat and orderly.

DVDs and Blu-rays make great gifts. A variety of companies are issuing films about some of the industry's leading professionals, such as the series ***The Write Environment*** with writers *Joss Whedon* (***Firefly***, ***Buffy***) and *Tim Kring* (***Heroes***). Plus, there have been many great superhero based live action and animated films and television series from the past few years, including the recently released ***Green Lantern: First Flight*** and ***Superman/Batman: Public Enemies*** animated films. Comic shops also offer an assortment of *DVDs* featuring classic television, American and Japanese animation, sf films, cult classics, and more.

Comic shops also carry comics-related calendars, stuffed toys, adventure books, illustrated novels, and the like, all of which are suitable for gift giving. There's no better "Santa's helper" than your local comics shop staff; they know what's new, what's available, and they can work within a price range that you set. With their help, you can be sure to find items to make this holiday season memorable for a comics fan.



*The Christmas Checklist is an alphabetical listing of all the gift items mentioned in the CSN **Christmas Special**, along with other recommended gift ideas. In the case of multi-volume sets, a space is provided to list the preferred volume. Feel free to use this as your personal Christmas Wish List and even make extra copies for friends and relatives. If you don't see what you want, be sure to ask ask the folks at your shop about ordering it for you. Many of these items are available exclusively at a comic specialty outlets like the one where you got this issue of CSN!*
